

QSCS Cost Examples

Carers Federation provides a bespoke quote for each organisation based upon your specific application and circumstances.

Until we have a conversation about accreditation which details the size of your operation, it is difficult to provide you with an accurate estimate of the cost to become QSCS accredited.

All assessment fees are effort related; i.e. - dependent on the complexity of scope of accreditation being sought. These fees include not just the time the assessment team spend at your site but also office and travelling time.

To better gauge the cost of gaining accreditation, some typical examples are listed below:
