

Consultations and Training

Supporting the Development of the QSCS Achievement Plan

What we can offer:

Consultations

We may be able to offer consultations in person to support the development of your plan and/or address specific issues. The QSCS team are experienced in working with a range of organisations creating meaningful changes within existing policies and procedures.

Training Materials

We have experience in delivering a range of training packages with a range of organisations. We can develop training packages and materials on a bespoke basis to meet the needs of your organisation. Your own training package will enable you to continue you to deliver in-house training as and when required. A package can be provided to include: a PowerPoint presentation, handouts and activity resources.

Delivery of Training

We can organise this at a venue suitable for your staff/students. We have a range of training opportunities that may help enhance your 'Achievement Plan', examples are:

Peer Mentoring – training students and/or staff to provide support to carers

Awareness of Carers Issues within Education

Providing Effective Support to Carers in Education
